Give a Swing for Life

Thursday, June 19, 2025 | Hemmingford Golf Club

Continuing our swing for life

Jean Roy, Chairman of the Board of Vents d'espoir, SVP and COO of Kruger Energy Inc. and Real Estate, and Honorary President of the 8th Edition Golf Tournament

We are pleased to invite you to the 8th edition of the **Vents d'espoir de la Vallée-du-Saint-Laurent Golf Tournament**, which will be held on **June 19, 2025, at the Hemmingford Golf Club**.

Our organization's mission is to inspire hope by providing Montérégie-Ouest with a safe, warm, and adapted welcoming structure for people aged 18 to 55 with cranial trauma or motor deficiency.

Celebrating its 10th anniversary in 2024, our organization is in the final push to realize the dream it has carried since its founding: the start of construction on our **multifunctional residential complex (9th Maison Martin-Matte)**. This innovative and unique complex, which will include 40 rental apartments and an adapted activity center, will truly meet the needs of our clientele and offer them a better quality of life personally, with their families, socially, and in the community.

In 2025, we are determined to reach the goal of our **major fundraising campaign, aimed at making a significant down payment on the complex, with a total target of \$5M**. Since 2020, we have raised \$4M and have acquired land valued at \$3M, generously donated by the city of Saint-Rémi.

Last year, the golf tournament alone contributed \$115,000 to our fundraising efforts. We are confident that, thanks to the generosity and involvement of businesses, elected officials, and foundations in the region, we will be able to achieve a similar amount this year.

Join us as a 2025 partner and give your swing for life, for a fairer and more inclusive community.

Thank you for your support.
